 New Ashok Nagar , Near Metro Station, Delhi

Career Objective

Experienced IT Engineer with 4+ years of expertise in server administration, cloud computing, and enterprise IT support. Specialized in Active Directory, Azure, BigFix, Office 365, and Exchange Server. Currently working as an Active Directory Administrator L2 at Kyndryl (Client: SUDLIFE), managing secure identity infrastructure and directory services. Seeking a challenging role to apply technical skills, drive infrastructure reliability, and contribute to organizational success.

Professional Experience

Active Directory Administrator L2

Kyndryl (Client: SUDLIFE)

 May 2025 – Present

- Administer and maintain Active Directory infrastructure, ensuring secure and efficient user lifecycle management.
- Design and implement Group Policies for access control, security hardening, and compliance.
- Manage Organizational Units (OUs), permissions, and delegation models to support business structure.
- Perform AD cleanup, stale object removal, and replication health checks.
- Support hybrid identity solutions with Azure AD Connect and synchronization.
- Troubleshoot authentication issues, policy conflicts, and replication errors.
- Collaborate with security and compliance teams to enforce identity governance.
- Document AD architecture, change management procedures, and operational workflows.

BigFix Administrator / Wintel Engineer / Server Administrator

InfoEdge India Ltd.

 May 2021 – May 2025

- Managed IT infrastructure across multiple sites, ensuring uptime and reliability.
- Administered Windows servers and resolved hardware/software issues.
- Improved customer satisfaction by 25% through proactive support.
- Reduced system vulnerabilities by 30% via BigFix patching across 5000+ endpoints.
- Developed custom Fixlets, improving deployment speed by 40%.

- Led server installations and upgrades for high availability.
- Conducted health checks and troubleshooting to meet evolving business needs.

Academic Qualifications

- **MCA (Pursuing)** – Andhra University (2023–2025)
- **Bachelor’s Degree** – Mithila University (2018–2021)
- **Diploma in IT** – A-SET Training & Research Institute, Noida (2018–2019)
